General disclaimer on this Synthesised text document

This document presents the synthesised text for the application of the Convention between the Kingdom of the Netherlands and the United Arab Emirates for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income, signed on 8 May 2007 (the “Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (the “MLI”) signed by the Netherlands on 7 June 2017 and signed by the United Arab Emirates on 27 June 2018.

The document was prepared on the basis of the MLI position of the Netherlands submitted to the Depository upon acceptance on 29 March 2019 and of the MLI position of the United Arab Emirates submitted to the Depository upon ratification on 29 May 2019. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Convention.

The authentic legal texts of the Convention and the MLI remain the only legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the OECD Model Tax Convention (as updated on 21 November 2017).

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

Entry into Effect of the MLI Provisions

The provisions of the MLI applicable to this Convention do not take effect on the same dates as the original provisions of the Convention. Each of the provisions of the MLI could take effect on different dates, depending on the types of taxes involved (taxes withheld at source or other taxes levied) and on the choices made by the Netherlands and the United Arab Emirates in their MLI positions.

Dates of the deposit of instruments of ratification, acceptance or approval:

29 March 2019 for the Netherlands and 29 May 2019 for the United Arab Emirates.

Entry into force of the MLI:

1 July 2019 for the Netherlands and 1 September 2019 for the United Arab Emirates.

Entry into effect of the MLI provisions:

In accordance with paragraph 1 of Article 35 of the MLI, the provisions of the MLI (other than Article 16 (Mutual Agreement Procedure)) have effect with respect to this Convention:

- a) with respect to taxes withheld at source on amounts paid or credited to non-residents, where the event giving rise to such taxes occurs on or after 1 January 2020; and
- b) with respect to all other taxes levied by each Contracting State, for taxes levied with respect to taxable periods beginning on or after 1 March 2020.

In accordance with paragraph 4 of Article 35 of the MLI, Article 16 of the MLI (Mutual Agreement Procedure) has effect with respect to this Convention for a case presented to the competent authority of a Contracting State on or after 1 September 2019, except for cases that were not eligible to be presented as of that date under the Convention prior to its modification by the MLI, without regard to the taxable period to which the case relates.

Convention between the Kingdom of the Netherlands and the United Arab Emirates for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income

The Government of the Kingdom of the Netherlands,

and

the Government of the United Arab Emirates,

Have agreed as follows:

CHAPTER I. SCOPE OF THE CONVENTION

Article 1. Persons Covered

This Convention shall apply to persons who are residents of one or both of the Contracting States.

3. The existing taxes to which the Convention shall apply are in particular:

(hereinafter referred to as “Netherlands tax”);
 - b) in the United Arab Emirates:

 - the corporation tax,
(hereinafter referred to as “United Arab Emirates tax”).
4. The Convention shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their taxation laws.

Article 4. Resident

1. For the purposes of this Convention, the term “resident of a Contracting State” means:
 - a) in the case of the Netherlands: any person who, under the laws of the Netherlands, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. If the competent authorities are unable to determine the matter by mutual agreement, they shall endeavour to determine by mutual agreement the mode of application of the Convention to that person.

Article 5. Permanent Establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term "permanent establishment" includes especially:

 - d) a factory;
 - e) a workshop, and
 - f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.
3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.
4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
 - a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

 - f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because

it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

CHAPTER III. TAXATION OF INCOME

Article 6. Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7. Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8. Shipping and Air Transport

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.
2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.
3. In this Article:
 - a) the term "profits" includes:
 - (i) gross receipts and revenues derived directly from the operation of ships or aircraft in international traffic; and
 - (ii) interest that is incidental to the operation of ships or aircraft in international traffic;
 - b) the term "operation of ships or aircraft in international traffic" by an enterprise, includes:
 - (i) the charter or rental of ships or aircraft;
 - (ii) the rental of containers and related equipment; and
 - (iii) the alienation of ships, aircraft, containers and related equipment, by that enterprise provided that such charter, rental or alienation is incidental to the operation by that enterprise of ships or aircraft in international traffic.

Article 9. Associated Enterprises

1. Where
 - a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State,
 - or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

The following paragraph 1 of Article 17 of the MLI replaces paragraph 2 of Article 9 of this Convention:

ARTICLE 17 OF THE MLI – CORRESPONDING ADJUSTMENTS

Where a Contracting State includes in the profits of an enterprise of that Contracting State — and taxes accordingly — profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10. Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company the capital of which is wholly or partly divided into shares which holds directly at least 10 per cent of the capital of the company paying the dividends;
 - b) 10 per cent of the gross amount of the dividends in all other cases.
3. Notwithstanding the provisions of paragraph 1 and 2 of this Article, dividends paid by a company which is a resident of a Contracting State shall be taxable only in the other Contracting State if the beneficial owner is that State itself, a political subdivision, local government, or the Central Bank thereof, a pension fund, the Abu Dhabi Investment Authority, Abu Dhabi Investment Council or any other institution created by the Government, a political subdivision, local authority of that other State which is recognised as an integral part of that Government, as shall be agreed by mutual agreement of the competent authorities of the Contracting States.
 4. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of paragraphs 2 and 3.
 5. The provisions of paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
 6. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
 7. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State, of which the company paying the dividends is a resident, through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
 8. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.
 9. **[REPLACED by paragraph 1 of Article 7 of the MLI]** No relief shall be available under this Article if it is the main purpose or one of the main purposes of any person concerned with an assignment of the dividends, or with the creation or assignment of the shares or other rights in respect of which the dividend is paid, or the establishment, acquisition or maintenance of the company that is the beneficial owner of the dividends and the conduct of its operations, to take advantage of this Article. In any case where a Contracting State intends to apply this paragraph, its competent authority shall in advance consult with the competent authority of the other Contracting State.

Article 11. Interest

1. Interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.
2. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
3. The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the

absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12. Royalties

1. Royalties arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.
2. 3. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

3. Gains derived by a resident of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in that State.
4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

1. Subject to the provisions of Articles 15, 17, 18, 19 and 20, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

 - b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and
 - c) the remuneration is not borne by a permanent establishment which the employer has in the other State.
3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised in relation only to a ship or aircraft operated in international traffic by a resident of a Contracting State shall be taxable only in that State. Article 15. Directors' Fees

1. Directors' fees and other remuneration derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

3. Paragraphs 1 and 2 shall not apply to income derived by a resident of a Contracting State from activities exercised in the other Contracting State if the visit to that other State is supported wholly or mainly by public funds of the first-mentioned State, a political subdivision or a local authority thereof, or takes place under a cultural agreement between the Governments of the Contracting States. In such case, the income shall be taxable only in the Contracting State of which the entertainer or sportsperson is a resident.

Article 17. Pensions, Annuities and Social Security Payments

2. Pensions paid and other payments made under the provisions of a social security system of a Contracting State to a resident of the other Contracting State, may be taxed in the first-mentioned State.

1. Payments which a professor or teacher who is a resident of a Contracting State and who is present in the other Contracting State for the purpose of teaching or scientific research for a maximum period of three years in a university, college or other establishment for teaching or scientific research in that other State, receives for such teaching or research, shall be taxable only in the first-mentioned State.
2. This Article shall not apply to income from research if such research is undertaken not in the public interest but primarily for the private benefit of a specific person or persons.

Article 20. Students

Payments which a student or business apprentice who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall not be taxed in that State, provided that such payments arise from sources outside that State.

Article 21. Other Income

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.
2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

CHAPTER IV. ELIMINATION OF DOUBLE TAXATION

Article 22. Elimination of Double Taxation

1. The Netherlands, when imposing tax on its residents, may include in the basis upon which such taxes are imposed the items of income which, according to the provisions of this Convention, may be taxed in the United Arab Emirates.
2. However, where a resident of the Netherlands derives items of income which according to Article 6, Article 7, paragraph 7 of Article 10, paragraph 3 of Article 11, paragraph 3 of Article 12, paragraphs 1 and 2 of Article 13, paragraph 1 of Article 14, paragraphs 1 (subparagraph a) and 2 (subparagraph a) of Article 18, paragraph 2 of Article 21 of this Convention may be taxed in the United Arab Emirates and are included in the basis referred to in paragraph 1, the Netherlands shall exempt such items of income by allowing a reduction of its tax. This reduction shall be computed in conformity with the provisions of Netherlands law for the avoidance of double taxation. For that purpose the said items of income shall be deemed to be included in the amount of the items of income which are exempt from Netherlands tax under those provisions.

The following paragraph 2 of Article 5 of the MLI applies to paragraph 2 of Article 22 of this Convention with respect to the residents of the Netherlands:

ARTICLE 5 OF THE MLI – APPLICATION OF METHODS FOR ELIMINATION OF DOUBLE TAXATION
(Option A)

Paragraph 2 of Article 22 of the Convention shall not apply where the United Arab Emirates applies the provisions of the Convention to exempt income derived by a resident of the Netherlands from tax or to limit the rate at which such income may be taxed. In the latter case, the Netherlands shall allow as a deduction from the tax on the income of that resident an amount equal to the tax paid in the United Arab Emirates. Such deduction shall not, however, exceed that part of the tax, as computed before the deduction is given, which is attributable to such items of income which may be taxed in the United Arab Emirates.

3. Further, the Netherlands shall allow a deduction from the Netherlands tax so computed for the items of income which according to paragraph 2 of Article 10, paragraph 1 of Article 15, paragraphs 1 and 2 of Article 16 and paragraphs 1 and 2 of Article 17 of this Convention may be taxed in the United Arab Emirates to the extent that these items are included in the basis referred to in paragraph 1. The amount of this deduction shall

be equal to the tax paid in the United Arab Emirates on these items of income, but shall, in case the provisions of the Netherlands law for the avoidance of double taxation provides so, not exceed the amount of the reduction which would be allowed if the items of income so included were the sole items of income which are exempt from Netherlands tax under the provisions of Netherlands law for the avoidance of double taxation.

This paragraph shall not restrict allowance now or hereafter accorded by the provisions of the Netherlands law for the avoidance of double taxation, but only as far as the calculation of the amount of the reduction of Netherlands tax is concerned with respect to the aggregation of income from more than one country.

4. Notwithstanding the provisions of paragraph 2, the Netherlands shall allow a deduction from the Netherlands tax for the tax paid in the United Arab Emirates on items of income which according to Article 7, paragraph 7 of Article 10, paragraph 3 of Article 11, paragraph 3 of Article 12 and paragraph 2 of Article 21 of this Convention may be taxed in the United Arab Emirates to the extent that these items are included in the basis referred to in paragraph 1, if and insofar as the Netherlands under the provisions of Netherlands law for the avoidance of double taxation allows a deduction from the Netherlands tax of the tax levied in another country on such items of income. For the computation of this deduction the provisions of paragraph 3 of this Article shall apply accordingly.
5. In the case of the United Arab Emirates: Where a resident of the United Arab Emirates derives income, profits or capital gains which in accordance with the provisions of this Convention may be taxed in the Netherlands, the United Arab Emirates shall allow as a deduction from tax on the income, profits or capital gains of that person an amount equal to the tax on income, profits or capital gains paid in the Netherlands. Such deduction shall not, however, exceed that part of the tax computed in the United Arab Emirates before the deduction is given, which is attributable to the income, profits or capital gains which may be taxed in the Netherlands.

CHAPTER V. SPECIAL PROVISIONS

Article 23. Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 4 of Article 11, or paragraph 4 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24. Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting

State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

The following first sentence of paragraph 1 of Article 16 of the MLI replaces the first sentence of paragraph 1 of Article 24 of this Convention:

ARTICLE 16 OF THE MLI - MUTUAL AGREEMENT PROCEDURE

Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Convention, that person may, irrespective of the remedies provided by the domestic law of those Contracting States, present the case to the competent authority of either Contracting State.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.
5. If any difficulty or doubt arising as to the interpretation or application of the Convention cannot be resolved by the competent authorities of the Contracting States in a mutual agreement procedure pursuant to the previous paragraphs of this Article within a period of two years after the question was raised, the case may, at the request of either Contracting State, be submitted for arbitration, but only after fully exhausting the procedures available under paragraphs 1 to 4 of this Article and provided the taxpayer or taxpayers involved agree in writing to be bound by the decision of the joint committee which consist of representatives of the competent authorities of the Contracting States. Both Contracting States may be assisted by officials of other public institutions as circumstances may require. The decision of the joint committee in a particular case shall be binding on both Contracting States and the taxpayer or taxpayers involved with respect to that case.

Article 25. Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2, pursuant to the existing laws and regulations of the Contracting State.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.
3. The Contracting States may release to the joint committee, established under the provisions of paragraph 5 of Article 24, such information as is necessary for carrying out the arbitration procedure. The members of the joint committee shall be subject to the limitations on disclosure described in paragraph 2 of this Article with respect to any information so released.
4. In no case shall the provisions of the previous paragraphs be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the

- other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
 - c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (ordre public).
5. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 4 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
 6. In no case shall the provisions of paragraph 4 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 26. Members of Diplomatic Missions and Consular Posts

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

Article 27. Territorial Extension

1. This Convention may be extended, either in its entirety or with any necessary modifications, to either or both of the countries of the Netherlands Antilles and Aruba, if the country concerned imposes taxes substantially similar in character to those to which the Convention applies and if the United Arab Emirates agrees to such an extension upon mutual agreement. Any such extension shall take effect from such date and subject to such modifications and conditions, including conditions as to termination, as may be specified and agreed in notes to be exchanged through diplomatic channels.
2. Unless otherwise agreed the termination of the Convention shall not also terminate any extension of the Convention to any country to which it has been extended under this Article.

The following paragraph 1 of Article 7 of the MLI replaces paragraph 9 of Article 10 of this Convention:

ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE
(Principal purposes test provision)

Notwithstanding any provisions of the Convention, a benefit under the Convention shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of the Convention.

The following paragraph 4 of Article 7 of the MLI applies to paragraph 1 of Article 7 of the MLI:

Where a benefit under the Convention is denied to a person under paragraph 1 of Article 7 of the MLI, the competent authority of the Contracting State that would otherwise have granted this benefit shall nevertheless treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income or capital, if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines that such benefits would have been granted to that person in the absence of the transaction or arrangement referred to in paragraph 1 of Article 7 of the MLI. The competent authority of the Contracting State to which a request has been made under this paragraph by a resident of the other Contracting State shall consult with the competent authority of that other Contracting State before rejecting the request.

CHAPTER VI. FINAL PROVISIONS

Article 28. Entry into Force

1. The Governments of the Contracting States shall notify each other, through diplomatic channels that the

internal procedures required by each Contracting State for the entry into force of this Convention have been complied with.

2. The Convention shall enter into force on thirtieth day following the date of receipt of the latter of the notifications referred to in paragraph 1 and its provisions shall have effect:
 - a) regarding taxes periodically assessed, in respect of taxes on income for taxable years beginning on or after the first day of January in the calendar year next following the date on which the Convention enters into force;
 - b) regarding all other cases, the date on which the Convention enters into force.

Article 29. Termination

This Convention shall remain in force for an indefinite period until terminated by one of the Contracting States. Either State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year after the expiration of a period of five years from the date of its entry into force. In such event the Convention shall cease to have effect for taxable years and periods beginning after the end of the calendar year in which the notice of termination has been given.

IN WITNESS whereof the undersigned, duly authorized thereto, have signed this Convention.
