Dear Sir [REDACTED],

First of all apologies for this late notice. Soon you will receive a response on the completed "Registration form Permission requesting safety feature stamps".

Furthermore, the Ministry of Health, Welfare and Sport of the Netherlands will provide you the coming month with more information on the upcoming legislation for tobacco products other than cigarettes and RYO of 20 May 2024, specifically about security feature stamps. I hope that this information proves helpful.

Regarding the size of the security feature stamp (VHK-zegel), this is in the Netherlands the same as that of the excise stamp (2.0 x 4.4 cm). The security feature stamp must be affixed to packaging in the same manner and in the same place as the excise stamp. You can reach this information via the following link: [Invoering Europese regels tegen illegale tabakshandel | Roken | Rijksoverheid.nl](#). I hope that this information proves helpful.

Kind regards,
[REDACTED]

Dear Sir or Madam,

Since we did not receive a confirmation yet, we kindly ask you for an update regarding our request.

Furthermore I would like to ask you about another topic. Starting in May 2024 the security feature stamps will also be mandatory for smokeless tobacco products. We were told that these stamps will also be supplied from your printing house.

Can you give us some more details about these stamps (size etc.) or at least the name of the responsible contact person?

Thank you in advance for your reply.

Best regards,

i. V. [REDACTED]
